First of all I would like to join english language training. As my basic training and knowledge about grammar is sufficient, I will need to go for Kathmandu to improve in an optional way. Then I can run extra classes for the children and for the grown ups here in my valley. Or I might be employed at the school as a part-time english teacher.

But if it is possible I would like also to study for nurse as the valley here is in great need for medical assistance.
