Although my family life had a hard life I continued to go to School in Village until grade 8, After that I studied class 9 and 10 in Junbesi Secondary School and gave SLC form Junbesi School. I have passed SLC in second division and now I am thinking to joint in Sallery Campus for my higher education.

 Since I have finished School level I am supporting my mother for her farming Job and teaching my brother and sister at home. Now I want to start my higher study but it seems that my parents are unable to support for my higher study as their income canot meet all the expenses. My father gets Rs.3000 per month as a cook and from this amount he hardly can save Rs 2000 ó 2500 which is just enough to maintain the family. Our whole year product of the agriculture is just enough for half a year for the family and we have been surviving on the fatherø salary for rest half year. That is why I am applying for scholarships for my further study.

 I am very much interested in studying and also quite confidence that I can do very good if situation is in favor of me

16) Any Remarks from Person writing the Application:  
 I have good impression from his that although he is from poor family he is intelligent and stood 1<sup>st</sup> position among the 22 students in Junbesi School. He has kept the good record of Sagar Bakanje School in Junbesi School. He wants to go ahead for the higher education but without some one support it is not possible for him. So HP scholarship is highly needed for him for his higher education.
