## A Tragic story of a family in Nepal February 2007

The pictures above are four members of a family, who have faced extreme difficulties in their lives. Those of you who will read this cannot even believe this sort of things can also happen to a family in this world.

Krishna Bahadur Khadka (father of these children) was from a farmer's family from Eastern Nepal, who was a Junior Police Officer in Nepal Police. After retirement, he migrated to Kathmandu with his wife Saraswoti and their children 8 years before. Mr. Khadka used to work in a factory in Kathmandu as a Security Officer. The earning of a Security Officer and the Pension from Nepal Police was just enough to support their living and education of their children. Six years passed away in Kathmandu like this.

The problem started two years before when Mr. Khadka committed suicide knowing that his beloved wife Saraswoti was in deep love with one of his friends and went away leaving her kids behind. Now all the four kids became parentless. After a month or so the land lord of the house (where the kids were living) forced them to leave the house because he did not see that he will have any rent from them. Finally, these kids came to the street.

Among the 4 kids Janaki, who was just 16 and appearing for high school Exam, had to take care of her only brother and other two sisters, Nobody in the locality came with any considerable support to these kids. Finally, their former schoolteacher Mrs Bhagwati Adhikari met them on the street and brought all of them in her rented flat at Chabahil, Kathmandu. (Thank you Bhagwati there are people like you in this world)

Mrs Adhikari was also a divorcee living with two kids of her own and does not have any permanent job. It is therefore, she had to find a suitable place for these poor kids at least for a warm meal a day, shelter and if possible some education some how , she managed to send the youngest boy, Prakash, to St. Xavier school where he is now a boarder student and studying at class 2.

Two girls Kabita and Samyam (Sabita) (one each) are staying in two of her relative's house nearby. The eldest girl (Januka) is staying with this beloved teacher and also helping the two kids of the teacher in their study as well as looking after her own sisters as well.

So far, the schooling of these kids is concerned; the boy has no problem because St. Xavier's school is taking care of .All the girls are now struggling to get their education properly. Since Feb 07, Rotary club of Kathmandu has started sponsoring a sum of Rs. 1000(one thousand) a month and tuition and other Expenditure to the eldest girl Januka, who is now 18 and studying in class XII. Other two girls are not studying at this moment properly.

As a Rotarian I thought why not I seek co- operation of my friends around and made this profile of all the 4 kids in problem and soliciting the help from any generous human being to uplift the remaining two girls Kabita (15) who is in 10th class and Samyam (Sabita) (12) who is in class 7 this year.

I think, if we support these two girls, all the four kids will have better education opportunity at home. In a few years time, they will be able to stand on their own feet and afterward they will extend their hands to uplift others like them now and make this world a better place to live.

Thank you
