## EDUCATIONAL APPLICATION

for

### PONA FOUNDATION and HIMALAYAN PROJECT DANMARK

Students, Parents and Teachers of Bakanje VDC can apply for economic support to implement projects related to the school and to the education in Bakanje VDC. The application shall be written in English by the applicants (not interpreted by others), preferably written on computer and distributed by printout and electronic file. If a group is applying, the application shall be formulated as the result of a group discussion and not by one person on behalf of the group. The application must contain the following justifications to come into consideration by the donor.

- A. **Headline:** Application to PONA Foundation and Himalayan Project Denmark.
- B. **Short heading** with purpose; short description of the project.
- C. **Date** of application.
- D. **Name** of school or schools from which application is derived.
- E. **Which working group** is applying? (only names of persons active in the application process).
- F. **What** are you applying for?
- G. **Why** are you applying for that?
- H. **When** do you want the project activities to start and when do you expect it to end?
- I. **How** will it benefit the education quality of the school?
- J. **Who** will be benefitted directly by the project?
- K. **Who** will be benefitted indirectly by the project?
- L. **Describe** the project in details; activities and materials.
- M. **Budget** in very detailed form; (very detailed and justified amounts with no lumb sum)
- N. **Name and signature** of committee members or responsible for the project. (Signature page to be scanned and attached to the application)

If the application is rejected it will always be replied with explanation, so that applicant can consider a reapplication.
