Project : School Reconstruction
Propose : Project Inspection
Date : April 1, 2008
Location : Sagar Danda-6, Bakanje VDC, Solukhumbu, Nepal
Inspected by : Namgyal Jangbu Sherpa, Manager Himalayan Project Nepal (HIPRON)

There was discussion with District Education Officer (DEO) Lokhnath Poudel in Sallari about Sagarmatha Primary School (SPS) reconstruction process. He informed that agreement has been made between DEO and SPS for the school building reconstruction project. According to him, 2 separate building, containing 2 rooms each will be constructed and total estimate cost will be Rs 1.050.000, for that D.E.O has agreed to provide the sum of Rs 645.000 and 2% contingency charge will be deducted from this amount. Local people have to contribute Rs 417.900 It can be born through labor donation. No thing has been mentioned about the Himalayan Project (HP) involvement in the agreement.

SPS has obtained require land area of 12m x 40m just above the existing building, out of which 8m x 40m was donated and bought 4m x 40m in the price of Rs.25.000. Technical part of the construction has been entrusted to Rural Reconstruction Nepal (RRN). Reconstruction process has already started. Foundation was being leveled through villager's labor donation. DEO has already released the first installment fund. All though process of reconstruction project has been started no contractor for the construction has been appointed. School chairman Bejuli Basnet informed that agenda of contractor appointment will be discussed on next meeting of school management committee.

Local community of Sagar Danda village told that they want to contribute labor donation but not as much as it has been mentioned in the agreement. Labor donation equivalent to Rs 417.000 is not possible. So, they want HP to involve in this reconstruction project so that this project can be completed due time with the cooperation of all side. DEO and SPS also wish HP to cooperate for this reconstruction Project

RRN has promised sending the drawing of construction by email but it hasn't sent yet.

Ground for the Sagaramatha Primary School reconstruction Project
