

Junbesi Communication Center (JCC) 07 September 2008

By

Namgyal Jangbu Sherpa

Runner Himalayan Project Nepal (HIPRON)

Junbesi Communication Center was observed on 29 August 2008 and discussion was held with Ad-hog committee on the issue why the committee has been passive. Committee Chairman Ang Domi Lama and Treasurer Chungba lama accepted that there had been delayed from there side. They clarified that Mr. Bed Bhadur was entrusted the responsibility to communicate in English as he was good in English. He took the responsibility and went to Kathmandu for his personal matter. He was supposed to correspond to HIPRON and HP-DK but unfortunately he stayed away from school for long with no communication with the school and JCC, and later on he was found to have been transferred to other place. This caused the main delay. Ad-hog Committee of JCC would like to apologize for this delay. They also told that they are looking forward to see JCC operate as soon as possible as it the must for all. So, they would like to make special request donor for their support to establish and bring the JCC in operation.

After having informed about HP-DK dissatisfaction over the delay, ad-hog committee member discussed among themselves and realized the delay. After the discussion, they expressed the regret over the delay caused by them and made the strong commitment that they will work more efficiently in coming days. The JCC ad óhog committee requested HP and the donor for releasing the support.

Rule and regulation of Junbesi Communication Center (JCC) 15. March 2008

On 15th March 2007, all the concerned people of the Junbesi formed Ad hog Committee of Junbesi Communication Center (JCC) under the chairmanship of Ang Domi Lama. They also made certain decision. According to the decision, Ad hog committee will call the village meeting and form the Junbesi Communication Center Management Committee to run JCC smoothly. But it will happen only after JCC is fully set up. It also decided that JCC Management Committee will be changed in every 2 years by either election or anonymously.

Responsibility and authorities of the JCC Management Committee are mentioned in the following and there are 5 committee members for recent period.

- | | |

Dear Papa!

Attached letter was delivered in JCC hand more than a month ahead i was there. When i was there and going to read out the letter they told me that they already read the same letter by themselves and understood the sprit. Then i stoped reading as i couldn't force them to listen same thing.

It is realy difficult to work in Junbesi valley. Only Chungba knows something and rest are ignorant. They also want to cooperate but only by coming to the meeting, listening and nothing more-no vision in mind. Chungba Lama is really active but he is occupied by several things like - acting headmaster, library, hospital and his own family and children. He wants really do something but he can't as he is occupied with those things.

Now I strongly fell that you and me have to do some thing to make communication center run as communication center is not only for Junbesi people. This center is for other people like: Mopung Taktor, Salavesi, Ringmu and even Sgar-Bakanje people and other domestic and international tourist, and NGO like us. So this communication center must be brought in operation at least through your and mine special effort.

Yours

Namgyal
