The Management Committee's work is to run Chhumbu Primary School.

They are the responsible of the success of the school  
by supervising the teachers  
by helping the teachers in their task  
by keeping the students and the teachers under surveillance  
by producing the funds necessary for the daily and extraordinary needs of the school  
by influencing the parents of the students  
by influencing the villagers as a whole  
by influencing authorities

Managing Committee shall work as described in "Rules and Regulations of Chhumbu Primary School"

Managing Committee shall work for the registration of the school by educational authorities, by visiting and explaining the District Educational Officer and other officials about the need of the support of Government to employ sufficient teachers. And to convince local authorities about the need of financial support to run the school.

Managing Committee shall see to that the teachers are fulfilling their obligations according to the "Rules and Regulations of Chhumbu Primary School".

Appointed members of the Managing Committee shall help the Principal in any matter according to economy and education.

Managing Committee shall see to that the students are satisfied in the school by supporting and co-operating with the students and the parents of the students.

Managing Committee shall see to that the students and other users of the school are treating the educational materials, school uniform and all other parts of the school in an appropriate way, and that the school inside and outside are appearing nice and clean.

Managing Committee shall see to that the school is not misused. The school can be used by the villagers for gatherings and meetings, but it should not be used by others or for other purposes (for instance by trekking groups as a camping place).

Managing Committee shall when needed take action in buying fabrics, taking measures and bringing these for Junbesi Silaybunai Kendra to produce school uniforms for all students.

Managing Committee shall keep the school building under surveillance and see to that any disrepair is re-established as soon as possible and to carry out that needed innovations is established.

Managing Committee shall find the funds for the school by collecting admission fee (not educational fee) from the students, asking for donations from villagers and other locals, seeking donations from by-passers, asking for support from local authorities, applying for support from local and foreign organisations and other ways of fund-raising.
